📍 Turin, Italy

📅 25/07/2001

PROFILE

Cybersecurity Engineering M.Sc. candidate specializing in automotive/SDV security, combining hands-on middleware research (AUTOSAR, SOME/IP) with full-stack engineering experience

SKILLS

Security & Offensive Tools (radare2, pwntools, Burp Suite)
Web/Cloud (React, Node.js, AWS, CI/CD)
Mobile app development: Flutter and React native
Figma for collaborative UI/UX design
Programming (C/C++, Go, Python, Java)
Automotive/Embedded (SOME/IP, AUTOSAR Adaptive, ROS2, S-CORE, RISC-V)

LANGUAGES

Italian: B1 Level, taking lessons to reach B2 by September

English: Have been evaluated C1 level by the IELTS Test

VOLUNTEERING

Camp Adventure, Counselor

07/2025 – Present

Walsrode, Germany

- Led international youth groups in high-pressure environments, fostering teamwork and conflict resolution.
- Managed technical safety protocols and emergency procedures (ERCA Certification).

EDUCATION

Politecnico di Torino,

09/2024 – Present | Turin, Italy

Master's Degree in Cybersecurity

- 98/120 Credits completed with a weighted average of 27.3/30.
- Expected to graduate in December.
- **Master's Thesis:** "Security and Trustworthiness Assessment of Middleware Architectures for Software-Defined Vehicles (SDV)". Advisors: Prof. L. Barbierato

Alexandria University 📍,

09/2019 – 07/2024 | Alexandria, Egypt

Bachelor's Degree in Computer and

Communications Engineering

- Cumulative GPA of 3.46/4
- Built E2EE platform with Perfect Forward Secrecy for media sharing as graduation project

PROFESSIONAL EXPERIENCE

Teaching Assistant,

02/2026 – 06/2026 | Turin, Italy

Politecnico di Torino

- Assisted professors and supported students during laboratory sessions for the Hardware & Wireless Security and Web Applications courses.
- Selected as a Teaching Assistant after achieving (30/30) in both courses.

Fullstack Engineer, Tech Hive 📍

10/2023 – 10/2024 | Alexandria, Egypt

- Developed an entire chat system from scratch with web sockets.
- Developing responsive web and mobile apps with React.js and React Native.
- Developing the back-end for web applications using node.js.
- Deploying full-stack web applications on AWS EC2.

Intern, Tech Hive 📍

07/2023 – 10/2023 | Alexandria, Egypt

- Launching Android applications on Google Play Store.
- HTTPS Certificate management.
- Discovered a server bug that improved a client's system downtime by 50%.
